### How and who to talk to when you have problems

A direct but respectful approach is the best way to deal with problems in Canada. Follow the steps below if you have any concerns about your classes or issues with an instructor, student, or homestay host.

1

Discuss the problem directly with the person involved and try to find a solution together.

2

If it is not appropriate to discuss the issue directly with the person involved, or if the problem continues, contact the English Language Program office and provide details of concern or issue. See contact information above.

# Your Courses

## Rules and Regulations of the Program

1. Students are required to communicate in **English at all times**. In an effort to promote English communication and to not exclude students who do not share the same first language, an English-only policy is in effect in classrooms, the Seminar Centre, and during activities.
2. Attendance in all classes is required. Students are responsible for making up any missed content, classwork, and assignments due to absence, late arrival, or early departure from class. Note that all missed classes are recorded as absences, including those due to sickness, late enrolment, early departure, immigration or housing meetings, and religious observance. Additionally, being late three times, leaving class early three times, and sleeping in class will be considered the same as one absence. Students with less than 90% attendance will not receive a certificate of completion at the end of the program (see page 4 for more information).
3. Students are expected to attend classes up until the last day of the program. Students who have to leave the program early, for any reason, are required to notify the ELP office in writing. Semester and ACC students may request early final exams if proof of early departure (e.g. departure flight ticket) is provided to the ELP office **by the second Friday of the program**. Late requests are not accepted. In special cases, such as emergencies, late requests may be allowed and subject to a \$50 administrative fee.
4. Cellphones should be turned off or on silent mode during class time. Students using cell phones in-class without explicit permission from their instructors will be asked to leave the class.
5. In Canada, sleeping in class is considered rude and disrespectful to the rest of the class. If a student is found sleeping in class, the student will be given one verbal warning. If the behavior continues, the student will be asked to leave the class.
6. Students are not permitted to attend class with their children.
7. All students registered for English Language Program activities are required to sign the necessary waivers before they participate in any activities. Students must follow all safety rules. Students who do not follow the necessary safety precautions will not be allowed to further participate in the activities.
8. The English Language Program seeks to create and maintain a positive and productive learning environment, and will defer to the University of Calgary's Student Non-Academic Misconduct Policy and Procedure. Students and staff are expected to respect the dignity of everyone involved in the program. Any form of harassment or prejudice will not be tolerated. For more information, refer to [conted.ucalgary.ca/international/info/conduct.jsp](https://conted.ucalgary.ca/international/info/conduct.jsp).
9. Students must abide by the University of Calgary Policies & Procedures, and Canadian federal, provincial, and municipal laws at all times. The University of Calgary will not accept any responsibility for students who do not comply with Canadian laws.
10. The University of Calgary does not award credits for its English as a Second Language courses. However, it is possible that students may receive credits from their home institutions. The student is entirely responsible for all inquiries and arrangements regarding credits.

## Warnings and Dismissals

Warnings and dismissals cover but are not limited to the English-only policy, cellphones in class, and sleeping in class. If students do not follow the rules and regulations of program, they will receive:

1. **Reminder:** Instructors/staff will give students a verbal reminder of program rules and notify the Teaching and Learning Manager. One verbal reminder is given per class and activity.
2. **Warning 1:** Formal written warning, no suspension. One first warning per program.
3. **Warning 2:** Formal written warning, the student is removed from and marked absent from 1 day of classes and/or activities. One second warning per program.
4. **Warning 3:** Final formal written warning, the student is removed from and marked absent from 3 days of classes and/or activities. One third warning per program.
5. **Dismissal:** Expulsion from the program.

Students will meet with the Teaching and Learning Manager for all formal warnings. Partner universities and funding agencies are notified of all warnings.

## Levels

The English Language Program offers classes from the High Beginner to Upper Advanced levels. Students are assigned levels based on a thorough two-stage proficiency test in most programs, including their performance on an online placement test and subsequent in-class diagnostic testing. Placement test and in-class diagnostic test results are used for internal purposes only – they will not be shared or used to determine your grades.

All new and returning students are required to write a placement test. Returning students who received a grade of B+ or higher in the previous program will automatically move to the next level. Some exceptional students may skip a level due to placement test performance. Students with grades of B- or lower will be placed based on placement test performance. In rare cases we may ask a student to go up or down levels.

Please note that levels in the Intensive Program are not the same as levels in the Semester Program because the programs have different focus and structure. If you register for both the Intensive Program and the Semester Program and are placed in the same level, this does not mean that you are repeating the same class.

## Class Schedule

**You will receive your personalized class schedule on the first day of the program.** Your class schedule will include your class levels and classroom locations.

To locate UCalgary buildings and classrooms, use the main campus map or the Interactive Room Finder: [ucalgary.ca/about-ucalgary/our-campuses/campus-maps-and-room-finder](https://ucalgary.ca/about-ucalgary/our-campuses/campus-maps-and-room-finder).

# Homestay

Most people believe that a homestay is an excellent way to learn and improve your English. You will observe how a Canadian family lives and interact with them on a daily basis. The homestay includes a private room and three meals a day. In most cases, ingredients for breakfast and lunch will be provided for you to make your own and dinner will be ready for you at the end of the day. It does NOT include laundry service or anyone to clean your room. You will be expected to clean your own room, do your own laundry, iron your clothes (if required), eat meals with the family, and spend some time with your family.

Many families have been with our program for over 10 years. The family will be very excited and a little nervous about meeting you. They will understand if you are nervous, too.

It is important to establish good communications with your host family. Ask them questions and be direct in a polite manner. Every family has different house rules. Some questions you should be sure to ask are:

1. What time are quiet hours?
2. How long may I spend in the bathroom in the morning?
3. Could you show me how the bath/shower works?  
(Note: Canadian bathrooms are not designed to drain water outside of the tub)
4. Is there anywhere in the house I am not allowed to go?  
(E.g. It is common in some homes that guests do not enter the hosts' bedroom)
5. When are the meals served? If a meal is going to be missed, what should the student do?

You will think of more questions to ask your host family. Try hard to ask questions and get clear directions on how the family does things. Don't be afraid to ask about food, table manners or other cultural practices. This will open up many conversations with your family. At the same time, avoid being judgmental. Your family is doing their best to make you feel welcome and happy in their home.

It is customary to call your host family to let them know if you will not be home for the evening meal. The earlier you let them know, the better. Regardless of whether your gender, you should offer to help the family with daily chores such as washing and drying the dishes, vacuuming, etc. Your family may accept or decline, but your offer will always be appreciated.

Homestay students are prohibited from smoking or vaping cannabis inside a host's home. Homestay hosts are prohibited from providing cannabis to homestay students. This includes selling, giving, sharing or purchasing cannabis for, or on behalf of, students.

If you have a problem in your homestay:

1. The first step is to discuss the problem with your homestay family.
2. If the problem continues, contact the Homestay Coordinator at [homestay@ucalgary.ca](mailto:homestay@ucalgary.ca) or visit the ELP office to book an appointment with the Homestay Coordinator.
3. If you feel uncomfortable or confused about the actions or intentions of any person in your homestay, immediately contact the Homestay Coordinator by email at [homestay@ucalgary.ca](mailto:homestay@ucalgary.ca).
4. **For emergencies, call the 24/7 homestay emergency cellphone at 403-703-1875.**

If you treat your homestay family with respect, you will be treated with respect by them. When you are away from home you are an ambassador for your country. What you say and do in your host family's home will leave a lasting impression.

## Activity Program

The optional Activity Program is offered to give students the best possible study abroad experience while promoting cultural understanding and providing an opportunity to practice English skills outside the classroom. Activities will include guided excursions to points of cultural and social interest in and around Calgary. Students in certain activities will be required to attend information meetings to cover safety and other important information.

Some activities are free and others have a participation fee. Activities are subject to limited availability, and registrations are accepted on a first-come, first-served basis. Additionally, only English Language Program students may join the activities. Registrations will be accepted in-person at the ELP office (cash, debit or credit card) and online (credit card only). To register online, follow the steps below.

1. Go to [esl.ucalgary.ca/programs/activity](https://esl.ucalgary.ca/programs/activity).
2. Click “Learn More” under the appropriate term (Winter, Spring, Summer, Fall).
3. Click “View Trips / Register”.
4. Choose the desired activity (double check the term the activity is offered in), and click “Add to Cart”. If you would like to enroll in more than one activity, click “Keep Shopping”.
5. When you add the final activity to your cart, click “Checkout”.
6. Review the activities in your cart. Click “checkout”.
7. Login to your Destiny One account.
8. Complete the payment.

Scan to register

Working with a group of people representing different cultures and language abilities can be challenging. Therefore, it is very important that all participants respect the safety rules, instructions, and timelines of the activities. Activities will leave on time. If you are late, you will miss the activity.

All activities are subject to change or cancellation.

## Health and Safety

### Health Insurance

All international English Language Program students (under 65 years of age) are provided with *guard.me* emergency health insurance. Only students who have paid tuition fees in full will be insured – it is your responsibility to ensure that your financial record with the English Language Program is in good standing. You will receive an insurance card during the first week of the program. If you do not receive an insurance card, please contact the ELP office.

You are insured from the first day to the last day of the program. Students staying for more than one program can contact the ELP office to have their insurance extended between programs for a fee of \$2 per day.

If you will be living in Alberta for 12 months or more, you are eligible to register for the Alberta Health Care Insurance Plan (AHCIP). You must register within your first 90 days in Alberta — you are not automatically registered. To learn more about AHCIP for international students, go to [study.alberta.ca/plan-your-stay/health-care](https://study.alberta.ca/plan-your-stay/health-care).

Canadians and landed immigrants are expected to use their provincial health insurance. It is the student’s responsibility to make all necessary arrangements with their provincial health provider.

### Insurance Policy

For complete *guard.me* emergency health insurance coverage details, please visit [guard.me/ucalgaryesl](https://guard.me/ucalgaryesl) and create an account.

Please note that *guard.me* insurance plans with more than 6-months of coverage also include limited dental insurance for pain relief only. Students with less than six months of coverage are encouraged to arrange their own dental insurance for their stay in Canada.

## Insurance Claims

If you require medical care, you may need to pay the clinic or hospital directly. In this case, you will need to submit an insurance claim with the original receipts and doctor's notes in order to be reimbursed (get your money back). To submit a guard.me insurance claim, follow the video tutorial on the guard.me website, [guard.me/video\\_tutorials.php](https://guard.me/video_tutorials.php), or visit the ELP office.

## Campus Evacuation Plan & Assembly Points

Staff and students may be required to evacuate during an emergency. Most evacuations will be signaled by activation of a fire alarm. If evacuation is ordered, follow these procedures:

- Stay calm, do not rush, and do not panic.
- Safely stop your work.
- Gather your personal belongings if it is safe to do so (e.g. keys, purses, jackets, cell phones, etc.).
- Use the closest emergency exit. Do not use the elevator.
- Proceed to the designated Emergency Assembly Point.
- Do not re-enter the building or work area until you have been advised by emergency responders that it is safe.

Assembly points have been identified across campus. These areas have been selected as they are large enough to hold a significant number of people and will provide an evacuated population access to washroom facilities and protection from the elements. To find the different assembly points on campus, visit [ucalgary.ca/risk/emergency-management/evacuation-and-assembly-points](https://ucalgary.ca/risk/emergency-management/evacuation-and-assembly-points).

## Sexual Violence Support Center

Sexual harassment is unwanted or unwelcome sexual behaviour that affects you negatively. Sexual harassment is against the law. It is your right to not be sexually harassed.

Sexual harassment can take place at home, in school or in public. It may or may not be obvious. It could include:

- Unwelcome touching or physical contact
- Sending sexually explicit texts, e-mails or pictures
- Making sexually suggestive comments
- Inappropriate staring or sexual attention
- Pressuring a person to participate in sexual situations
- Inappropriate jokes, rumours or sexual remarks
- Repetitive, unwanted, invitations to hang out or go on a date
- Sexual violence or physical attacks

If you think you, or someone you know, has experienced sexual harassment, the University of Calgary provides support (help).

Contact the UCalgary Sexual Violence Support Centre by email at [svsa@ucalgary.ca](mailto:svsa@ucalgary.ca), by phone at 403-220-2208, or in-person at MacEwan Student Centre (MSC) room 373. Reporting or asking questions about sexual harassment is confidential and safe. For more information, please visit [ucalgary.ca/sexualviolencesupport](https://ucalgary.ca/sexualviolencesupport).

## Visas and Permits

It is students' responsibility to obtain and maintain valid immigration status to study in Canada. For information about study permits, visa and other immigration questions, please visit [ucalgary.ca/student-services/iss/immigration](https://ucalgary.ca/student-services/iss/immigration). Should you require further assistance, please contact the University of Calgary's International Student Services (ISS) by email at [iss@ucalgary.ca](mailto:iss@ucalgary.ca) using your UCalgary email.

## Living in Canada

### Money Matters

The unit of currency in Canada is the Canadian dollar (CAD). Paper notes are most commonly issued in \$5, \$10, \$20, \$50 and \$100 bills. Most Canadians usually only carry \$5, \$10, and \$20 bills. We recommend that students do not carry bills larger than \$50, and no more than \$200 in total at any time. Debit cards, travelers' cheques and credit cards, such as Visa, MasterCard and American Express, are widely accepted. However, many reasonably priced restaurants do not accept American Express or Diner's Club. Check with your own bank to see if your bankcards may be used in machines in Canada and how much this service will cost you.

Banks in Canada are generally open from 10:00 am to 4:00 pm, though these hours can vary, depending on the bank. Some banks are open on Saturdays. All banks will cash travelers' cheques, but you must provide identification (i.e. passport). If you are considering opening a Canadian bank account, visit the International Student Services (ISS) website for banking tips: [ucalgary.ca/student-services/iss-old/resources/banking](https://ucalgary.ca/student-services/iss-old/resources/banking).

### Cellphones

In general, there are two types of cellphone plans: post-paid (you get a monthly bill) and pre-paid (you pay for certain amount of services before you use it). You'll need to decide which option works best for you. Cellphone plans in Canada can be quite expensive (\$40 - \$100, depending on the mobile provider and included services).

Visit the International Student Services (ISS) website for things to consider when settling up your cellphone in Canada: [ucalgary.ca/student-services/iss/settling-calgary/getting-essential-items/setting-your-mobile-phone](https://ucalgary.ca/student-services/iss/settling-calgary/getting-essential-items/setting-your-mobile-phone).

## Public Transportation

The Calgary Transit System includes all public city buses and C-trains/LRT (Light Rail Transit). To use Calgary Transit, you will need to purchase single-use tickets or passes through one of the payment options below.

1. Pre-paid ticket books or monthly passes: Ticket books (10 tickets per book, each ticket is valid for 90-minutes) or monthly passes (each monthly pass is valid for one calendar month) can be purchased in advanced at most grocery and convenience stores in Calgary (e.g. Safeway, Save on Foods, Co-op, Circle K, and 7-Eleven); look for a sign on the front entrance indicating that they sell Calgary Transit fare products. Cash, debit, credit cards are accepted.
2. My Fare app: *My Fare* is a mobile ticketing app that allows you to purchase and use tickets and passes directly on your smartphone. Visa, MasterCard, American Express and Apple Pay are accepted.
3. C-train station ticket vending machines: All C-train stations have ticket vending machines at the entrance. Cash, debit, and credit cards are accepted.
4. Bus Money Box: All buses have a money box beside the bus driver. Only exact cash is accepted.

Full-time student enrolled in an English Language Program course 13 weeks or longer are eligible for a UPass and do not need to purchase single-use tickets or passes. Please refer to page 7 for more information.

**Travelling by bus:** If you are travelling by bus, enter the bus from the front. If you have exact change or a pre-paid ticket, place in the money box beside the driver. If you will take another bus or a C-Train, ask the driver for a transfer (a piece of paper that allows you to take another bus or C-Train within 90 minutes). For example, if you take a bus and then a C-Train to the University of Calgary, you will only pay once for the trip by requesting a transfer. If you have a monthly pass, show the driver when you get on. If you have mobile pass/ticket, scan the barcode at the onboard scanner beside the driver. You do not need to ask for a transfer. To get off, signal that you wish to stop approximately 100 meters before your stop by pushing a button on the wall, pulling a yellow string on the wall, or simply telling the driver. If you are not sure when to get off the bus, you can always ask the driver for help. Drivers are usually very helpful.

**Travelling by C-train:** If you are traveling by C-train, you must pay before you get on the C-train. There are ticket vending machines at the entrance of each C-train station. Ticket vending machines accept cash, debit and credit cards. If you use a pre-paid ticket, you must validate one ticket at a ticket vending machine by inserting your ticket into the validation slot (a time and date will be stamped on the ticket to validate it). If you have a monthly pass or mobile pass/ticket, you must always have it with you while using Calgary Transit. On the train, there is no driver, money box, or onboard scanner to show your ticket or pass to. However, a Calgary Transit Peace Officer may occasionally ask c-train passengers to show proof of payment (transfer, ticket or pass). If you cannot show proof of payment, you may be issued a fare evasion fine up to \$250.

For bus/c-train schedules and maps, please visit [calgarytransit.com](https://calgarytransit.com) or download the *Transit* app from the App Store (iOS) or Google Play (Android).

For the latest fares, visit [calgarytransit.com/content/transit/en/home/fares---passes](https://calgarytransit.com/content/transit/en/home/fares---passes).

## Climate and Weather

Calgary is a city where you experience all four seasons and chinooks – a warm wind that raises temperatures by as much as 15 degrees in a few hours. Overall, Calgary has a dry climate with mild temperatures. Mornings and evenings are generally cool, and the daytime warm and pleasant. Drinking lots of fluids and using lip balm and a skin moisturizer will help prevent headaches and dry skin. Calgary also has very high levels of solar radiation with an average 333 sunny days a year. Even if it is cloudy, you should wear sunscreen if you are going to be outside for a long time. The weather in Calgary can change very quickly, and you should be prepared for cold temperatures regardless of the season. For the latest weather, visit [weather.gc.ca](https://weather.gc.ca).

## Food and Diet

The Canadian diet may be quite different from your own. You will probably have the opportunity to try many new foods while you are here. The province of Alberta is world-renowned for its beef, grain and pork, but many other meats, fish, vegetables

and fruits are also available. Canadians eat earlier than in many other countries. Breakfast is normally at 8am, lunch at 12pm, and supper at 6pm. A typical breakfast will include a bowl of cereal, or toast with margarine, peanut butter or jam. Milk, juice and coffee are common beverages with breakfast. Lunches may vary, but sandwiches or salads are common.

If you are invited for a meal at someone's home, check with your hosts about what time they expect you to arrive and at what time they will be serving the meal. Mention any dietary restrictions, such as food allergies, if you are a vegetarian, or if your religion forbids certain foods. Your host or hostess will not expect a gift since you are their visitor. However, flowers, chocolates or a bottle of wine are usually welcome.

### Personal Hygiene

Most Canadians shower and use deodorant every day, typically in the morning and/or after they exercise. Canadian homes usually have a hot water tank, which means that the hot water has to be shared by all members of the home and can run out if someone takes a long shower. When showering, please put the shower curtain inside the bathtub, so that you do not spill water on the floor, possibly ruining the home. You should clean any of your hair out of the drain before you leave the bathroom. Used toilet paper can be discarded in the toilet and flushed; do not put used toilet paper in the garbage can. Typical usage is 8-10 sheets per trip. Using much more than this can cause the toilet to become clogged. Canadian public bathrooms do not have washroom attendants; users are encouraged to clean up after themselves.

### Garbage, Recycling, and Compost

Canada has a culture of self-service. Canadians are generally careful to not litter and usually clean up after themselves. This includes putting garbage, recyclables and compost in the correct containers and wiping up spills after eating or after using public sinks. Most areas will have different bins for recyclable drink containers, paper products/cardboards, compostable waste, and other garbage. Public services to pick up trash or clean up bathrooms are very limited, and littering is looked at very negatively.

Some food courts, such as the food court in MacEwan Student Centre and those in shopping malls, have staff managed “waste sorting areas”. Food court customers leave their waste at these sorting areas where food court staff to sort and dispose on the customers’ behalf. The purpose of these sorting areas is to reduce the food court’s impact on the environment by decreasing the amount of waste sent to landfills and encouraging better recycling practices.

### Cigarettes, Alcohol and Cannabis

In Alberta, you must be at least 18 years of age and have valid government-issued photo ID to purchase cigarettes, alcohol or cannabis.

Smoking is prohibited in indoor public spaces in the City of Calgary and at the University of Calgary. Smokers are required to go outside to smoke, but please note it is illegal to smoke within 5 meters of an entranceway on campus. It is illegal to drink alcohol outside in parks, on the street, or in a vehicle in the City of Calgary and at the University of Calgary.

Cannabis can only be purchased from licensed outlets in Alberta and cannot be consumed or smoked in public or commercial spaces. Cannabis cannot be purchased or consumed at the University of Calgary campus. Although cannabis was legalized in Canada in 2018, it is very important to understand the risks and guidelines. Adults over 18 years of age will be allowed to possess up to **30 grams** of cannabis in a public place. Please note that despite the fact that cannabis is legal and regulated in Canada, **it remains illegal to transport cannabis across Canada’s national border. Do not bring cannabis outside of Canada.** Please follow this link for the latest information: [canada.ca/en/services/health/campaigns/cannabis](https://canada.ca/en/services/health/campaigns/cannabis).

### Going Out

It is common in Canada for men and women to go out as friends in mixed groups. It is acceptable for either gender to ask someone out on a date. If you ask someone to go out with you and he or she refuses, it is advisable not to ask again. Persistent requests for dates are often considered offensive behavior in Canada. If someone asks you if you have a boyfriend/girlfriend, it is advisable to say “yes” if you are not interested in that person.

When you are out with friends in Canada, knowing who pays the bill can be complicated to figure out. “Splitting the bill” (each person pays an equal amount of the total cost) or paying for yourself is very common. “Tipping” is not mandatory for all services, but it is customary to tip 10% – 20% of the bill at restaurants, bars, clubs, and taxi services.

No matter where you are, it's important to be aware of your surroundings and trust your instincts if you feel a situation may be unsafe. Keep these cautionary tips in mind:

- Do not accept drinks from strangers. Never leave a drink unattended at a bar or a club. Calgary is a safe city but there have been cases of drugging. Please be careful.
- Always travel with a friend. There is more safety in numbers.
